

Capitola *Annexation* **annexation** **on agenda**

The county Local Agency Formation Commission will consider an annexation to the city of Capitola this morning.

The city has filed an application with the commission for approval of the Derby-Trotter residential annexation to the city. The area, almost totally surrounded by the city, is the first attempt by Capitola to utilize the new Municipal Reorganization Act of 1977.

The commission, which is also looking for a new executive director, will be meeting in Room 520 of the county governmental center.

The commission will also consider two annexations to the Santa Cruz county Sanitation District.
