

Capitola Mall

Cabrillo Times & Green Sheet, Thursday, January 13, 1977—7

Construction on mall is on schedule

Work on the Capitola Mall at 41st Ave. has moved largely in-

side, with work now underway in the individual shops by the tenants.

schedule, he said, with April 14 still being the target date for the opening.

Boating program begins Wednesday

The United States Coast Guard Auxiliary, a civilian component of the Coast Guard, will present a 13-lesson course on boating skills and seamanship beginning Wednesday at 7:20 p.m. in room

Royce Wilson, representative for the developers, Sutter Hill Corp. of Palo Alto, said the shell is up and the roof is on the main structure, and that work now is primarily on the interior of the project. All is progressing on

There have been no major problems during the construction, Wilson said, "other than the normal, day-to-day construction problems. We've had no weather problems. We lucked out on that," he said.
