

# County Warns Residents About Phone Solicitation

*Consumer*

6-7-42 Santa Cruz County merchants and residents are advised to be cautious if they have received a phone call asking for donations of \$60 to sponsor for one month elderly couples to receive "meals on wheels."

Santa Cruz and Aptos business and professional people are reporting a telephone solicitation from a female caller representing "Golden Years Senior Services."

County Consumer Affairs has learned that there is no connection with either the local Golden Age Nutrition program or the local home

delivery meals service which is under the auspices of the Visiting Nurses Association and the Food And Nutrition Program which operate in the county.

Receipts given out for donations show a San Jose P.O. Box, reported Gloria Lorenzo, Consumer Affairs coordinator.

Anyone who has been contacted or has contributed to this phone solicitation is requested to call the Consumer Affairs division of the district attorney's office at 425-2054.
