There is seating for 1,750 people in the auditorium.

Founded in 1890 as the "Little Brown Church by the Sea", the Twin Lakes Baptist Church has outgrown its building on 7th Ave. and has opened a beautiful new church on a 15-acre site at 2701 Cabrillo Drive. The \$1.8 million project was completed this summer and includes an auditorium, pre-school classroom and administration building. The buildings are adobe-colored with antique red clay tile roofs.

A quiet garden marks the entrance.

Sweeping curves give a feeling of spaciousness in the foyer.
