Hall Of Records Pact Signed

Supervisors' Chairman Henry Mello signs the contract for restoration of the county's 1882 Hall of Records building on Cooper Street while BICentennial Chairman Margaret Koch watches in approval. The contract assures a federal grant from the office of Hous-

ing and Urban Development. A consultant to carry out the restoration may be selected soon. Once restored, the old and rare octagonal-shaped structure will become a county museum. Mrs. Koch has been a supporter of preserving the structure and has written many articles about its history.
