County gets funds for shelter

The state Department of Housing and Community Development has made \$19,065 available to the county's Emergency Food and Shelter Board.

The funds may be used for rehabilitation, site acquisition, equipment, shelter vouchers, rent or costs of program operation. The local board is responsible for finding and ranking proposals for

funding, of which 15 percent is available for temporary lodging vouchers.

Applications must be returned by March 2 to local board at the Humane Resources Agency, 1000 Emeline St., Santa Cruz. More information may be obtained from Judy Schwartz at the agency at 425-2291.
