New Bay View Classrooms

Look Ma, no double sessions! And here is the building that makes it possible. It's the new five-classroom unit opened this week at the Bay View elementary at Mission and Bay streets. High front windows and skylight type windows on the roof give the rooms natural light,

but keep student attention within the classrooms. At present there are no double sessions in the Santa Cruz city school system. A new elementary and high school are soon to be constructed to keep it that way.

2 Social Welfare Meetings Slated

Discussions of sending the "Old Folks Lobby" to Washington, D. C., will be discussed February 4 and 18 by speakers from the California Institute of Social Welfare.

The February 4 meeting will be at 1:30 p. m. at Hackley hall, 513 Center street, with the February 18 discussion set to follow a noon potluck at the hall.
