

THE GREAT DAY IS HERE! START WEDNESDAY JUNE 12TH

Leask's

1892

Sixty-five years ago a building measuring 42 by 75 feet with a 22-foot frontage was rented by Samuel Leask and John Johnston. This partnership established a dry goods firm called "The Seaside Store" . . . the beginning of a business which has expanded into one of the largest, most complete department stores in this area. Four years later Mr. Leask took over the entire firm and through continuing construction and remodeling the present modern store has evolved . . . four floors devoted to the finest in merchandise for the whole family and home. . . . Despite the changes in the store facilities and the style of goods, the same belief in giving customers fine quality in service and merchandise has remained . . . a testimonial to the faith Leask's has in the people of this community . . . and the faith you have in us.
