

SANTA CRUZ GIRLS ARE NERVY FLIERS; TWO MORE SOAR

Pilot B. M. Spencer, Lieut. W. H. Werner, Donald Younger and George Dakan flew in the Pacific Aviation company's Martin airplane number 434 yesterday from the Younger ranch to the new location at Schwan's station. This made an aggregate weight of 700 pounds.

Miss Alma Newhall, daughter of O. O. Newhall, enjoyed a ride in this plane Sunday. Miss Grace Hickey tasted the joys of flying this morning with Lieut. Spencer. The Santa Cruz girls are sports clear through, and represent a large percentage of those "taking the air" at this point.
