Souvenir Edition

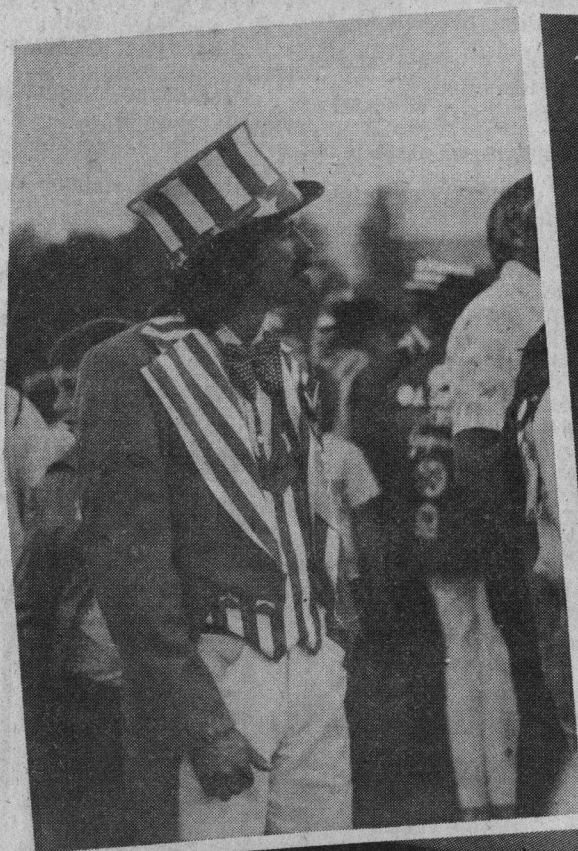

VOLUME 1 NUMBER 42

SANTA CRUZ, CALIFORNIA

JULY 8, 1976

## SANTA CRUZ COUNTY SAYS HAPPY BIRTHDAY AMERICA

### 'Spirit of 76' abounds here

It was a grand celebration in Santa Cruz County, a right proper birthday party in honor of the United States' 200th year since its Declaration of Independence.

The County News decided to celebrate too, starting with last week's Bicentennial Edition and -- now -- a Souvenir Edition.

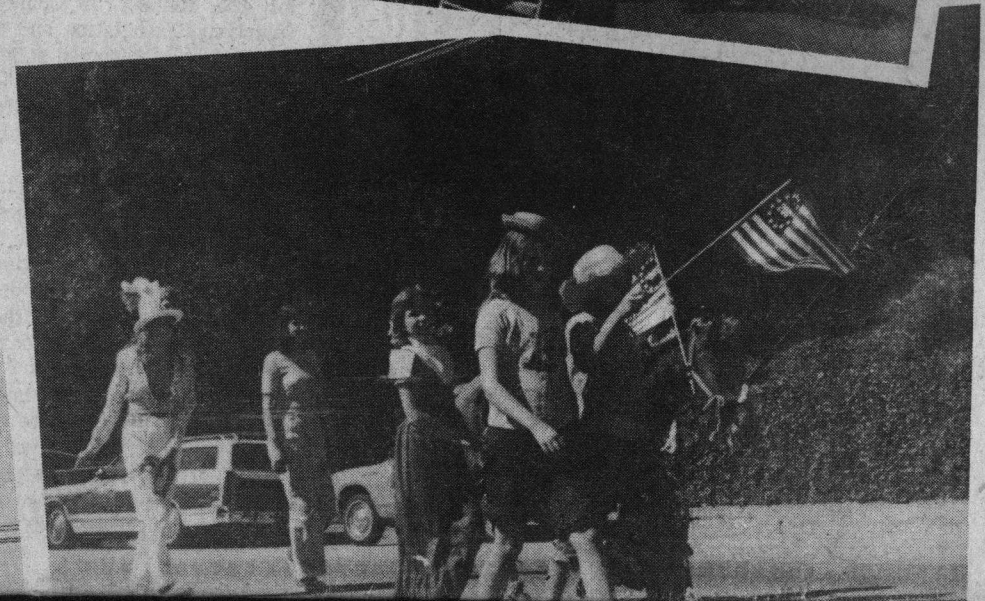

We worked hard at covering all the various events that took place in the County over the weekend, and stretched our small staff to the limit. We're pleased and proud of our coverage, and we hope you will be too. You all did your part, and we did ours, to help make this year's Bicentennial 4th of July one to remember.

Inside the pages of this issue you'll find photos and stories to keep as a remembrance of your community's 1976 observance. And you'll find our usual news coverage and many of our regular features -- in keeping with the heritage of freedom we enjoy in America.

Oh yes, one more thing. The County News wants to compile complete and accurate information about the photographs in this issue, to be saved for future generations.

If you are pictured, or can positively identify a friend who appears in one of our photos, please write the information, including full name and address, refer to the page number on which it appears, and turn the information over to your nearest County News advertiser. We will appreciate your cooperation. (Advertisers: forward all such information to our office for addition to the master files we're setting up.)

Thanks!

## Citizens Calendar
