

Library - KCSE

McHenry Library Tour.

Hello and welcome to the McHenry Library.

You are standing on the second of the Library's four floors. During the next 20 minutes or so, depending on how fast you can walk, you will be led on a tour around this floor where many of the basic library resources are located. You will also go down to the first floor to see the way the stacks are arranged and visit the several special service points which are down there. There are twelve stops on the tour indicated by the circled numbers on the floor plans.
