Elza Minor was named director of the Central Coast Small Business Development Center. He is the former executive director of the Greater Richmond Community Development Corporation. The Center offers free consultants to small business owners in the central coast.

Penelope Johnson was ap-

pointed director of Student Development. Johnson's responsibilities will include student matriculation. She is the former director of Career Planning at UC-Berkeley.

Cabrillo's governing board will be meeting today at 5:30 p.m. in the administration building. The board will be appointing members to the college's redistricting committee.
