

Felton Incorporation Groups Also Making Progress

Felton -- Members of the Felton Incorporation Committee met Monday (July 20) night to discuss progress made to date. It was announced that the Committee would be meet-

ing the end of this month with Ed Hanna, Executive Officer of LAFCO, before appearing before LAFCO itself Aug. 19.

Committee members have come up with an ap-

proximate budget of \$107,745 under planned incorporation, which is under the \$145,000 that would be available through regular tax sources. The budget is still "flexible," said

George Hutchcroft, one of the Committee members.

If the Committee's petition is approved by Supervisors and voters, the matter would be put on the ballot Jan. 1, 1971.
