Friends Provide Library Equipment

Friends of Santa Cruz Public Library have made possible the purchase of special equipment, from proceeds of their annual Book Sale.

Gifts to the library include: a portable stereo record player, a cassette recorder and player and 50 colorful vinyl story-hour cushions.

Gifts previously purchased with funds provided by the Friends' sale are special books (Californiana included), two puppet theaters. The Friends also provided the Summer Reading program party.

The new stereo player will be used for musical interludes at library film programs in the branch libraries and for use with possible noon musical programs in the future.

The cassette player will be used with silent films, to record library programs, story hours and special programs at the main library and at branches. The cushions will be distributed to branch libraries including Soquel, Scotts Valley, Freedom and La Selva Beach.

Officers of the Friends are Mrs. James Sheehan and Mrs. David Larson, co-chairmen, and Mrs. Robert Guilbert, treasurer.

Listening with obvious delight to the Main Library's new record player are, above, Sean Sheehan, Carla Daniel and Danny Clemens. Below, approving the record player, cassette and floor cushion provided by Friends of the Library are from left, Mrs. Robert Guilbert, Friends' treasurer, Librarian Charles Atkins and Children's Librarian May Franklin.
