

# Disaster Relief Applications Submitted

The first of an expected flood of applications for disaster aid were received Monday at the Santa Cruz Countywide Citizens Disaster Relief Committee's office in the County Center.

The community centers in Felton Grove and Boulder Creek together sent in 29 applications. Committee administrative assistant Kathy Chasteen expects up to 150 applications from the eight centers by Wednesday.

Applications are turned in to the committee headquarters Mondays, Wednesdays and Fridays.

Grants of up to \$1,000 per household or small business are available through the committee, which seeks to raise \$1 million for disaster relief in the county.

The first checks will be issued by Feb. 8, a committee spokeswoman said.

For further information, call 425-2902.
