Expanded County Bank Quarters

County Bank of Santa Cruz officers and secretaries are using expanded new quarters adjacent to the original main branch office at 1502 Pacific avenue. The regular lobby was coupled with the office spaces by a 23-foot passageway. The

new room features a suspended ceiling, including acoustical surface and fluorescent lighting. A conference room is at the back of the office. New furniture has been delayed by the steel strike. Work was done by Darrow Palmer.
