

View Of New Section Of Ocean Shore Highway

The Ocean Shore highway, the scenic and traffic-free way to San Francisco, will soon be a smoother and more pleasant

road for drivers when the new section opens at the limits of Santa Cruz. The top picture shows a portion of the high-

way at the north section of the newly-constructed road, while the lower photo shows Bill

Keller, resident engineer (left), and Deloss Wilder trying out one of the county's oldest cars on its newest road.
