

## A Model Gymkhana - Model 'A', That Is

If you like to watch people jouncing along in their Model 'A' Fords, and if you like to spend a leisurely Sunday afternoon in recreation without spending any money, the Model 'A' Gymkhana to be staged Sunday, August 15, from 9 to 4 in the parking lot at Santa's Village, Scotts Valley, may be just for you.

Sponsor is the Santa Cruz County Chapter of the Model 'A' Ford Club, and admission is free, according to club president, John Chincholo.

More than 150 sedans, coupes and roadsters of 1928-31 vintage from Santa Cruz and other Northern California chapters go through their paces in six western-theme events. These will include having the passengers hit targets with bows and arrows and having the passengers navigate with spoken directions while the driver drives with a bag over his head.

On their way to the event, the ancient cars will be monitored for emergencies by the Santa Cruz C.B. Club REACT on channels 9 and 17.

Former members of the Bear Creek Mountain Boys will provide entertainment, as will other local talent.

As community projects, Model 'A' owners drive to convalescent hospitals and bring back memories to the residents there.
