International Recognition For Santa Cruz Flowers

Attractive Jean Ayers of Shaffer's Tropical Gardens, 1220 41st avenue, holds 15 sprays of cymbidium orchids which left

Wednesday via airplane for the Mostra del Fiore, an international flower show now being held in Trieste, Italy. The flow-

ers were flown by Pan-American airlines via the polar route. Shaffer also will display his orch-

chids at the World Orchid conference late in May to be held in London. Shaffer plans to attend that show personally.
