A "grand re-opening," had been scheduled contingent upon actions of the Santa Cruz City Council earlier this week. Plans to reopen the library were based upon the hopes the council would acknowledge the budget of the county and adopt the attachments made by County Supervisors.

But while the council acknowledged the county budget of funding for the library system, no action was taken regarding the attachments — which include policy statements and recommendations to reopen library branches.

The recommendations will be considered at a joint "summit," meeting between members of the City Council and County Board of Supervisors. No date for the meeting has yet been announced.
