# 11 Apply For Position Of City Manager

Seven verbal and four written applications for the position of city manager have been received to date, Mayor Jack L. Chiorini said yesterday.

The mayor also stated that a number of letters have been sent to city managers of other communities advising them of the vacancy created here by the resignation of Neal D. Simth, and giving them an opportunity to apply for the position.

Screening of applications is not expected to begin until next month, Chiorini said.
