New buildings at district schools

Additions to five Pajaro Valley schools and the construction of a district curriculum center recently were completed and dedicated. Voters approved a \$4.5 million lease-purchase agreement two years ago to finance the additions at Aptos High School, Aptos Junior High School, Rolling Hills Junior High School, Pajaro School and Salsipuedes School. The curriculum center was built behind Renaissance High School.

Aptos High School has a new library and media center.

Teachers meet in the new cafeteria-theater at Aptos High.
