## Aptos Chief Honored

Aptos Fire Chief Richard Chinn, right, was recently presented a certificate of appreciation for serving on a statewide committee to discuss coordinating movement of emergency vehicles as they respond to emergencies. California Highway Patrol Capt. Don Anderson, left, said that the committee "put a lot of time" into studying how fire department vehicles, ambulances and other emergency vehicles can coordinate their efforts with the CHP at automobile accidents and other emergencies. The committee's work resulted in a report which will soon be published by the state.
