**Big Crowd At Soquel Library Opening**

Another step in the recovery of Soquel from the December flood was taken Saturday with the reopening of the town's library. Its interior was a far cry in appearance from the morning after Soquel Creek did its

damage. The building has been redecorated and restocked with books. Among the many persons who attended the opening ceremonies were: from left, scouts Terry Haas, Roger Haas, Ronny Hoffman, Jerry Fassio and Jon

Zaplishny; Librarian Mrs. Clara S. Bedient; County Librarian Mrs. Geraldine Work, Col. Donald Gates, county civil defense head; C. B. Harts, supervisor, and Paul Walters, superintendent of the Soquel school district.
