

## East Cliff Drive Hit By Cave-In

5-4-56

Spectators survey the latest crater on the erosion-hacked Seabright stretch of East Cliff drive. Another huge chunk of roadway fell in without warning Saturday night without causing

◆ ◆ ◆

casualties or damage to private property. Frank Pozen of Capitola and L. J. Zaballlos, owner of an apartment house at 1703 East Cliff drive, peep into the crater from above. Judy Hartman and Bill Walls view the

cave-in from below. Pictures of the scene will be sent to the army engineers and federal erosion control board in an effort to secure federal assistance before further cave-ins occur.
