Seacliff Overpass

Girders were placed over the Santa Cruz-Watsonville freeway yesterday for the State Park drive overpass. The work, done
◆ ◆ ◆

by Granite Construction company of Santa Cruz and Lew Jones Construction company of San Jose, was completed without incident, Granite officials

said. Traffic was diverted to different sides of the freeway to allow cranes to place the 24 girders. Granite officials said the State Park drive overpass

and the related project of the Park avenue undercrossing should be completed by the end of August.
