

## Work To Start On Brookdale Lodge Motel

### Yule Parade Includes Fashion Show, Dance

Work is scheduled to begin next month on the luxurious 110-unit drive-in motel at Brookdale lodge. Plans for the structure have been submitted to the county planning commission for approval at a December 30 hearing. The motor-hotel will be behind the main lodge and connected to the central building. People will be able to register for the deluxe motels without getting out of their car and then park in the drive-in carports. Plans call for stereophonic music in the main lobby and television in each of the spacious rooms. Radiant heating will be in the building. The sketch for the drive-in motel, an addition to the recently completed 46 deluxe motel units, was made by the offices of Stanley Wattson of Mountain View. The entire expansion project is expected to be completed by mid-June.
