

## Yacht Harbor's Biggest Crane

The biggest crane in the Santa Cruz harbor is this "Travelift," part of the equipment at Harbor Marine. The lift, which can handle boats up to 55 feet and 36 tons, has drawn sizable crowds of sidewalk superintendents recently. The boat seen in its clutches, above, is a

sprat, comparatively—the commercial fishing boat "Flying Cloud," 37 feet and about 10 tons. Ernest Canepa is owner

of the "Flying Cloud." The boat is undergoing an annual overhaul.
