A Boy Visits The Boardwalk

By JIMMY JENSEN, Age 5

As Told to Bob Ligon

SANTA CRUZ—My mother took us to the boardwalk Friday. Grandma went, too.

I had lots of rides.

A man let me take pictures. He put it (the camera) around my neck. When I pushed the button a light went off. It didn't make any noise.

I took my picture in the Fun House. I stood in front of a funny window (mirror) and saw myself. I looked tall and short. (He changed mirrors).

It was hot outside. Mom put my shoes on. It burned my feet (as he walked along).

I like going to the boardwalk because it has lots of rides there and lots of people. It's fun.

The boardwalk has water and waves. It has a merry-go-round but it isn't working (it's under repair).

It isn't much fun taking pictures. But it is fun looking through the window (camera viewfinder). People keep stepping out there. (?)

It's (the camera) heavy. It hurts my neck. I don't want to take any more pictures.

Jimmy is the son of Mr. and Mrs. Richard Jensen of 2243 Westchester Dr., San Jose. Mrs. Jensen took the children and her mother to the beach for an outing Friday.

AIR SHOT — Jimmy took to the ferris-wheel

for this aerial shot of boardwalk. It turned

though his feet got into the picture, too.

TILT — Jimmy Jensen was a little off kilter for this one, but he man-

aged to get a lot of action in it just the same.

He says Auto Scooter ride is one of his favorites.

though his feet got into the picture, too.

SHOT IN DARK — It was nearly pitch dark when this picture was taken in Haunted House at Santa Cruz boardwalk.
