

Adult Education Offers Opportunities

There are other roads to a man's heart than through his stomach. Make him a sports coat, for example, or other clothing for Christmas. A course in tailoring, for women only, is being offered at the Santa Cruz Evening High school Thursday nights. Shown here, from left, are: Mrs. Tove Hauge, Mrs. Shirley Swasey, instructor, and Mrs. Sabine Bainum.

Instruction in ceramics is not too common in these parts, but it will be available every Thursday night at the Santa Cruz evening high school for \$1 per semester, and expenses for material. Dave McGuire, instructor, points to some new work by Mrs. Fred Wetmore and Mrs. Evelyn Large, ready for the kiln. There are still openings for this class at the high school, Room 119.

More students are needed for school.

Classes are being held for the most part at the Santa Cruz high school. Tuition is \$1 per semester per course. Those interested may enroll at the class. Here are the classes:

Here are some of the instructors who are heading courses at the yearly Santa Cruz evening high school. They are, from left, Miss Donna Belcher, German; Mrs. Jeannine Ferrand, French; Ronald Denton, Italian

and Portuguese; Montie Martin, public relations and sales psychology; Mrs. Mariele Russo, commercial art. There is still room for more students in all of these classes (see schedule).

All this interest in the moon these days, naturally draws the women to the more technical aspects of modern living. One of the popular courses at the Santa Cruz evening high school is the basic electronics classes.

Instructor John Bond, left, gives a blackboard talk to Lee Hemler, while Sharon Stockham listens to words of wisdom from another instructor, Dorr Stuart. There is still room for more students in these classes.
