## Self-Inflicted Wounds, Youth Admits To Police

Michael Lee Allen, 22, Capitola, has admitted that the knife wounds on his arms were self-inflicted, Capitola Police Chief Marty Bergthold said today.

Allen earlier told police he attacked early yesterday while walking on a street in Soquel. Bergthold said Allen injured himself following an argument with his girl friend.

The Ocean View hotel, Davenport's three story "skyscraper" and last hotel, burned flat early this morning before firemen from northern Santa Cruz county could throw their forces against it. Bordering the Ocean-shore highway, the hotel was a well-known landmark. It was built to accommodate employees of the old Pacific Lumber Co.
