Recommendations of the state personnel board of revisions in the job classification and salary structure of city employes, have been co-ordinated with proposals of the civil service commission, and the tentative report will be discussed with employes and department heads of the city at Friday evening's commission meeting.

The report has been prepared by Kenneth Byers, chief of the cooperative personnel services of the state board, and by Robert W. Fisher, Robert Montilla, and S. Allen White of his staff.

The civil service commission which worked out the tentative recommendations with the state men consists of Patrick McDowell, chairman; W. A. Muriale, and Thomas E. Twohig.
