

## Branciforte Creek Bridge

Work has begun on the \$27,475 cast-in-place concrete bridge over Branciforte creek in the San Lorenzo redevelopment project. Contractor is Charles

S. Moore of San Jose. The bridge will have two traffic lanes with pedestrian sidewalks. It will join extension of Riverside avenue and Dakota street. Con-

struction will be financed by the state department of water resources. The original bridge was removed for improvement of Branciforte creek.
