

RR-SC - Water Crisis

City of Santa Cruz

CITY HALL • 809 CENTER STREET
SANTA CRUZ, CALIFORNIA 95060
TELEPHONE 408 426-5000

PUBLIC INFORMATION OFFICE
426-5000, Ext. 251

The Santa Cruz Water Department is currently distributing two types of water saving decals (samples attached) to major water users within the district's service area. They have also provided both the City Parks & Recreation Department and the State Department of Parks & Recreation with a supply of decals to be placed in all public facilities which come under their respective jurisdictions.

The Visitors and Convention Bureau has been given 5000 decals to be distributed to all motels and hotels within the service areas. In addition, they will be providing mirror stickers to motels and hotels with detailed information for visitors on water conservation.

Water Conservation Coordinator, Traci Bliss, urges restaurants, schools and other businesses which have a large clientele to pick up water saving decals from Public Information Officer, Brenda Meehan, at Room 10, City Hall.
