Capitola Limits Parking

No longer is parking unlimited on Capitola streets. City street crews put up these signs yesterday which limit parking on Capitola Avenue between Monterey and Stockton Avenues and on Monterey Avenue between Capitola Avenue and Park Place. The two hour limit is enforced between 9 a.m. and 5 p.m. for seven days a week, including

holidays. The signs will be up for three to six months as an experiment to see their overall effect on the congested parking situation in Capitola, Wayne Hanson, chairman of the citizens' Parking Committee, said. The city council agreed to the signs in a resolution adopted in May.
