# Cabrillo Board Agrees On Plan For 1800 Students

Cabrillo's board of governors this morning settled on a student capacity master plan for the proposed permanent junior college campus between Watsonville and Santa Cruz.

They voted unanimously to plan construction of a college for 1800 students, but include plans for 50 per cent expansion in the master plan.

The board also voted to adopt a vocational nursing program in cooperation with the county hospital and the state board of vocational nurse examiners to start in September, 1960. It is subject to review by the board of supervisors.
