SANTA CRUZ CITY CIVIL SERVICE ASSOCIATION, INC.

IT CAN BE DONE

Although it was the third year around, management and the Employees' Association proved that they could sit down at the bargaining table and come up with an agreement. This was a first and certainly a step in the right direction for better relations between the City and its employees.

As the largest employee group in the City, the Association must take its full share of credit for the agreement. It would seem to us that it is time for our non-member friends to join the Association to insure continued increased benefits for City employees.
