

Moths on the Move?

Explosion in Moth Numbers and Ranch Closure Has Farmers in Fear that Long-Awaited State Report Will be Too Little, Too Late

Light Brown Apple moth

On May 22, Mark Bolda received a call from County Agricultural Commissioner Ken Corbishley asking him to go to a blackberry field in Watsonville to meet with inspectors from the U.S. Department of Agriculture (USDA) and California Department of Food and Agriculture (CDFA). There had been significant crop damage report-
