

Aptos Neighbors Association sets form this Tuesday

APTOS — Second (Aptos) District Supervisor Robley Levy will speak Tuesday at the first informational forum, sponsored by the newly-organized Aptos Neighbors Association.

The group, made up of some 70 persons, was formed at an organizational meeting earlier this month. The forum will be held at 7:30 p.m. in the multi-purpose room at Mar Vista School, 6860 Soquel Drive, Aptos.

According to association spokesmen, the group was created to "promote a sense of community" with residents among both Aptos' rural and urban areas and to "fill the gap" for a community organization.

Concerns most often raised include land development and growth, traffic and traffic safety, road repair, disaster preparedness and a creation of an informational network.

"We don't have any bones to pick with existing organizations in Aptos," said Peter Carr, moderator at the first meeting. "Their concerns don't necessarily represent those of many of us within Aptos. When they do, I hope we can work together on these issues."

For more information on the Aptos Neighbors Association, call 688-9577 or write: P.O. Box 1732, Aptos, 95003.
