## Waterfall Of Wisteria Blossoms

The yearly display of wisteria blossoms at the residence of Mrs. Louis Mazzoni, 837 California street, is at its height. Mrs. Mazzoni said the two plants, which are trained on an open fence, are at least 40 years old. The blossoms have created

a fragrant blue waterfall, which attracts many people, such as Mike Walsh and Judi Beal, who were caught by The Sentinel photographer. Mrs. Mazzoni's home is located across the street from Santa Cruz High school.
