74 years and counting for Apple Bin

Mary Basich, who owns the Apple Bin, 1907 East Lake Avenue, along with Antone Basich, displays a box of Watsonville-grown Fuji apples Friday in front of the road-side business. Basich said the Apple Bin has been family- owned since 1926 and in the peak season offers 13 varieties of fresh apples, peaches, raspberries and several vegetables, all grown in Watsonville.
