## Aptos' Hotel Fire Snuffed

A fire that broke out in the Bay View Hotel in Aptos Village just before 1 p.m. Tuesday was under control in about 10 minutes, but Aptos firefighters estimated that there was \$5,000 in damage to the structure. The attic and roof fire also

destroyed about \$2,000 in contents of the attic, firefighters said. The historic structure, built in the 1870s, is a landmark in the village area. No cause has been determined, and the county fire marshal is continuing the investigation.
