## Serious Mar Vista Races

Kids aren't the only ones that go a little kooky at the end of the school year. Each year, Mar Vista School in Aptos holds its faculty-student tricycle races, and, as you can see, they're a terribly serious affair. Note the extreme preparation above of Steve Knudsen's cut-down racing 'trike, and the

great driver's suits, below, on Maxene Davies, left, and Loren Hester as they square off at the starting line. Maxene's racing seat doesn't have regulation safety features, however. The event, followed by a student-faculty volleyball game, was held Wednesday.
