## PRESIDENT'S CORNER

BILL SMITH

Our Association's Council Representative system came on with a big bang on their very first job - our candy sales went over far more than was expected, and rolled along in a very smooth manner. Good work, Gang !!!

As this issue of the Cruzer must be typed and pasted up before our Annual Christmas Party and before our December Meeting, it will be necessary to give a report on the party and further information on the group insurance plan at the January meeting. With the beginning of a New Year, why don't you mark the THIRD WEDNESDAY of each month so that you will be able to attend each of our meeting nights?

On behalf of the Officers and Directors of your Association, I want to take this opportunity to wish you and yours a Merry Christmas and most Joyful New Year.
