## YES!

## CABRILLO BONDS Tuesday, April 20

Cabrillo College must serve an additional 1300 students within five years; enrollment this September will be 2200, only 300 short of present campus capacity. We must begin construction next spring to have classrooms ready for the 2800 expected in 1967. The Citizens Committee for Cabrillo College and the Cabrillo College Board of Trustees have proposed a \$1.1 million bond election for Tuesday, April 20, at no increase in the current tax rate. Our community college needs your YES vote!
