

Mayor Takes a Ride in An Army Airplane

Mayor C. C. Kratzenstein, at the invitation of Lieut. Krull, made his first trip yesterday in an airplane. Lieut. Krull is here planning for the air flights the latter part of the week.

The mayor saw the city over which he presides from a different perspective than ever before, and enjoyed every second of the time he was in the air.

Lieut. Krull, with F. G. Wilson as his companion, afterward started on a flight to Davenport, to Pescadero, thence to Halfmoon Bay, and thence to San Jose, completing preparations for next week's air events.
