

Three Ships Aground At Harbor Mouth

No damage was done, but three large sailing craft went aground on the sand bar at the mouth of the Santa Cruz Yacht Harbor yesterday. It occurred during the annual

Opening Day Ceremonies (see story on Sports page) yesterday. The dredge which is working to alleviate the condition can be seen in action. The beach at the right of the picture will be dredged. The

vessels in trouble are located in the center background. The third vessel is partially hidden by the dredge. The two ships in the foreground stopped when the other vessels hit the sand.
