

file for parade permits early to avoid last minute

MORE ON THE R&D PARK. Dennis De Coste, the chair of the Santa Cruz Electronics Association wrote a letter in the *Sentinel's* high tech insert last Sunday and urged a no vote on referendum A. He went on to be generally nasty to everyone who didn't believe the R&D park would be heaven on earth. What was more interesting than his attitude was that the daily's letters page supporters and honorary members of this new, highly motivated association are such institutions as Cabrillo College, the County of Santa Cruz, Goodwill Industries and UCSC. Isn't there some kind of law, or at least a few remaining ethics, that would prohibit these organizations from urging us all to vote a certain way? Does that mean that Cabrillo, UCSC and our County are now taking political stands? That's downright wrong. Any taxpayer who supports any of these institutions should object to their
